

A grid structure consisting of a dark vertical bar on the left side and a series of horizontal lines extending to the right. The grid is composed of approximately 10 columns and 25 rows. The dark vertical bar is located in the second column from the left. The horizontal lines are spaced evenly across the rows, creating a pattern of alternating white and dark horizontal bands. The top row is a header row with several empty cells. The overall appearance is that of a data table or a form with a highlighted column.
